

Dear Sir or Madam:

The *Calgary Tesla Society* would like to invite you to attend our **Tesla Motor Night**, on the occasion of the 130th anniversary of the Tesla Electro-Magnetic Motor (Patent 381,968) - invention that marked the beginning of the modern world and is still used in variety of household and industry applications! The event will be held on November 6th, 2018 at the Glenbow Museum (319 5 Ave SW, Calgary) starting at 6 pm. The evening will include real artifacts from Nikola Tesla Museum in Belgrade (first time in Canada!), addresses from distinguished speakers, interactive exhibit about Tesla's life and achievements, a documentary, a Tesla impersonator, and a quiz on the contemporary applications of Tesla's inventions and the importance of Tesla's invention of the AC Induction Motor. There will also be appetizers and a cash bar.

Speakers:

[Dr. Ed Nowicki](#)

Associate Professor, Department of Electrical and Computer Engineering, University of Calgary

Presenting: "Tesla: His Imagination and his Induction Machine"

[Dr Garnette Sutherland](#)

Professor of Neurosurgery, Lead - Project neuroArm, University of Calgary

Presenting: "Advancing Neurosurgery through Image-guided Robotics"

The ticket price is \$45CAD, and the profit from this event will be directed towards the continuous support of **Calgary Tesla Award**, aimed to provide scholarships to innovative Calgary students.

Please buy your ticket, using this web form <http://www.teslasociety.ca/event> or contact us at contact@teslasociety.ca.

The *Calgary Tesla Society* wishes you well, and we look forward to seeing you at our *Tesla Motor Night*.

Kind Regards,

The Calgary Tesla Society
